

**James Jones
& SONS LIMITED**

Maintenance Engineers
Mechanical, Electrical & Multi-skilled

Location: Lockerbie

Contract: Full time, permanent.

Shift pattern: Day shift and 3 shift patterns (mon-fri)

Hourly paid, plus weekly production bonus

James Jones & Sons Ltd is a 5th generation family business and one of the UK's largest and most progressive timber processing companies with core activities in timber harvesting, sawmilling, pallets & packaging, and distribution. We operate from 25 sites across the UK, 11 Australian and 2 New Zealand sites and employ over 2,100 people. In the UK, we operate seven sawmills throughout Scotland and the northeast of England: an engineered wood manufacturing plant in the north of Scotland and pallet and packaging operations at 14 sites across the UK. We produce high quality, British grown timber for the UK construction, landscaping, and agricultural sectors; market-leading JJI-Joists for the housebuilding and construction markets and pallets and packaging for blue chip domestic and exporting businesses.

About the role-

We are currently recruiting for 3 shift and Day shift engineers in mechanical, electrical and/or multi-skilled roles at our Lockerbie multi-site sawmill.

Reporting to the shift engineering supervisors, you will be responsible for carrying out repairs, preventative and reactive maintenance across our multi-million-pound saw lines, secondary processing plants, log sorting lines, chemical treatment and kiln drying plants.

Key tasks and responsibilities-

Duties will include:

- Carrying out repairs and overhauls in the workshops.
- Following and detailed planned preventative maintenance schedule.
- Fault finding/diagnose technical process issues to resolve any breakdowns with minimal down time and impact on production.
- To work safely at all times complying with and using permit systems, method statements, dynamic risk assessments etc.
- Assist in maintaining the highest standards of housekeeping and cleanliness.
- Assist management in driving positive change within the business and actively promoting a one team ethic throughout the site.

**James Jones
& SONS LIMITED**

Key skills-

- Must have a recognised engineering/electrical apprenticeship or similar qualification.
- Preferably 3-5 years engineering/electrical experience gained within a manufacturing environment.
- Experience in hydraulic and pneumatic principles would be an advantage (mechanical applicants).
- Experience in motor control circuits and plc logic would be an advantage (electrical applicants).
- Basic computer skills including data entry.
- A flexible approach to work. Understanding that you may undertake additional or other duties necessary to meet the needs of the company.
- Previous experience of the timber industry is advantageous.

Remuneration and Benefits-

- Weekly hourly pay.
- Annual pay ranging from 42k – 48k depending on qualifications and experience.
- 33 days holiday (pro rata).
- Employer pension contribution.
- Weekly bonus based on the output of the site.
- Health & Wellbeing Services (Remote GP's, Mental Health Support, Physio)
- Employee benefits including major retailer discounts.
- Life Assurance cover.
- Further developments and training opportunities available (HNC/HND etc).

Application and recruitment process-

Please send a CV to Nicola McCrosson, HR Manager, James Jones & Sons Limited, Lockerbie Sawmill, Stevens Croft, Nethercleugh, Lockerbie, Dumfries, DG11 2SQ or E-mail [APPLY HERE](#)

All applicants must have the right to work in the UK without the need for sponsorship
Closing date for applications is 5pm Friday, 26th January 2024.
