James Jones and Sons Ltd.

Construction Products Regulations

DECLARATION OF PERFORMANCE

No: JJDOP007

1245-CPR-1038

1. Unique identification code of the product-type:

C16 strength graded softwood, preservative treated with Osmose Protim E406.

2. Type, batch or serial number or any other element allowing identification of the construction product as required pursuant to Article 11(4):

GK1#P2

3. Intended use or uses of the construction product, in accordance with the applicable harmonised technical specification, as foreseen by the manufacturer:

Structural timber to be used for studs, joists, purlins, rafters and beams

4. Name, registered trade name or registered trademark and contact address of the manufacturer as required pursuant to Article 11(5):

James Jones and Sons Ltd, Burnroot Sawmill, Aboyne, AB34 5PN. Tel 01339885263

www.jamesjones.co.uk

5. Where applicable, name and contact address of the authorised representative whose mandate covers the tasks specified in Article 12(2):

Not applicable

6. System or systems of assessment and verification of constancy of performance of the construction product as set out in Annex V:

System 2+

7. In case of the declaration of performance concerning a construction product covered by a harmonised standard:

BS EN 14081-1:2005 + A1:2011

CATG 1245 performed the initial inspection of the manufacturing plant and of factory production control and the continuous surveillance, assessment and evaluation of factory production control under system 2+ and issued the certificate of constancy of conformity of the factory production control

8. In case of the declaration of performance concerning a construction product for which a European Technical Assessment has been issued:

Not applicable

9. Declared performance:

Essential characteristics	Performance	Harmonised technical specification
Strength grade of timber	C16	EN 14081:2005 +A1:2011
Reaction to fire	D-s2, d0	
Release of dangerous substances	NPD	
Natural durability (not treated)	Class 4-5	
Durability for treated timber	UC 2	
Type of Treatment	Osmose E406	
Target Biological Agents	Insect/Fungi	

Notes:

This Preservative type is listed in Annex 2 of EN 15228:2009 and referred to in clause 4.5 of same standard as not to affect strength and stiffness.

The timber is treated to achieve anticipated Use Class 2

Specific details relating to the charge number and date of treatment are available on request.

This information is in accordance with EN.15228: 2009 Clause 6

Specific technical documentation:

Not applicable

10. The performance of the product identified in points 1 and 2 is in conformity with the declared performance in point 9.

This declaration of performance is issued under the sole responsibility of the manufacturer identified in point 4.

Signed for and on behalf of the manufacturer by:
