

Machine Operators/Labourers- Aboyne, AB34 5PN

James Jones & Sons Ltd is one of the UK's largest and most progressive timber companies with core activities in sawmilling, I-Joist and pallet manufacture. We operate five sawmills throughout Scotland; an engineered wood manufacturing plant in the north of Scotland and have pallet and packaging operations at fourteen sites across the UK. We produce high quality, British grown sawn timber for the construction, pallet, packaging, fencing and agricultural sectors and pallets and packaging for blue chip domestic and exporting businesses. In addition, we are the market leaders in the supply of JJI-Joists to many of the UK's top house builders.

We have opportunities for full time Machine Operator & Labourers, working on a variety of production processes at our Burnroot Sawmill Site. This position will also assist in providing a clean environment in our production facility.

Normal weekly hours are 47.5 varied day shift patterns.

The key responsibilities associated with the roles will include the following:

- Tiding up of production generated waste such as sawdust, bark, timber etc and placing this into the waste systems; using various cleaning tools including shovels and brushes, walking behind sweepers/hoovers.
- Regularly checking that all access routes are clean at all times.
- Feeding the chipper waste system with reject material.
- Other associated cleaning and labouring duties as and when required.

The individual must have the ability to work solo, but also must interact and communicate with other personnel on site. You must have the ability to communicate in English as well as comprehend written instructions. Previous work experience in a factory environment would be beneficial.
